FINAL ACTION

Applicant's amendment of 5-16-07 has been fully considered. The amended claims have overcome the previous rejections of 112/1st paragraph, Obviousness Double Patenting (ODP), and thus said rejections are withdrawn. However, the amended claims have overcome 112/2nd, items (b) - (f), but not the 112/2nd paragraph for item (a), thus said rejection is maintained. Furthermore, the amended claims raise new issues of 112/2nd paragraph. Thus, the following new 112/2nd rejection is presented.

Claims 13-24 remain withdrawn.

Claims 1-12 and 25-40 are for consideration.

Claim Rejections - 35 USC § 112, Second Paragraph

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

1. Claims 1-12, 25-35 and 37-40 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The following reasons apply:

a. Claim 1 still recites variable R⁶ and R⁸ that can be substituted with groups that contain R⁶ or R⁸ (e.g., OR⁶, or NR⁶R⁸) which renders the scope of R⁶ and R⁸ indefinite because said variables have two different scopes. It is unclear as to which is the intended scope for said variables.

- b. Claim 2 lacks antecedent basis because the limitation of “R²...bound to one of the ring atoms of R¹” has been deleted from claim 1.
- c. Claims 3-12 and 25-33 are rejected as being dependent on claim 1.
- d. Claim 34 lacks antecedent basis because it (ultimately) depends on claim 1, but recites Z as “methyl”, which is not recited in claim 1.
- e. Claim 35 lacks antecedent basis because it depends on claim 34, but recites Z as a (N-methyl)-pyrrolidinyl=N-, which is not recited in claim 34.
- f. Claim 37 is incomplete because it is an independent claim but fails to recite definitions for many variables (e.g., R⁴ - R⁶). Claims 38-40 are rejected as being dependent on claim 37.

Claim Objections

- 2. Claim 36 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Claim 36 recites species that are not taught or fairly suggested by the prior art of record.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1624

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
